Feedback from members tells us that these meetings add value by facilitating a rich, open dialogue for industry leaders which is topical, provocative and future thinking. They aim to take down professional barriers to allow a free exchange of ideas and experience, and help careers by enabling members to steer their ideas and develop true friendships over time across a range of professions.

There are currently 8 European Product Councils; each focusing on a specific sector or topic:

The Councils meet twice a year, once in February to coincide with the European Conference and in the second half of the year. Some Councils initiate/undertake research projects and organise study tours and webinars to give members additional engagement opportunities between meetings.

Membership of each Council is capped at a maximum of 50 people to ensure the quality of personal interaction between participants.
